

CSD PROFILE OPTIMISATION PLAN

Proaxis Solutions (Pty) Ltd

Version: 1.0

Date: June 2026

Priority: HIGH — Required for all government and public sector procurement

CSD Portal: www.csd.gov.za

⚠ **AI-GENERATED DOCUMENT** — This plan was prepared with AI assistance. All CSD procedures must be verified against current CSD portal requirements. If you encounter difficulties, contact the CSD Help Desk [VERIFY: current CSD contact details — www.csd.gov.za].

Prerequisite: Complete the TCS PIN Action Plan first. The TCS PIN must be active before the CSD profile can be fully optimised and activated.

BACKGROUND

Proaxis Solutions (Pty) Ltd is registered on the Central Supplier Database (CSD). However, the profile requires optimisation before it is fit for active tender procurement. An incomplete or inaccurate CSD profile will result in tender disqualification.

PRE-OPTIMISATION REQUIREMENTS

Before updating the CSD profile, ensure the following are in place:

Item	Status	Required
SARS TCS PIN — active	Not yet obtained	MUST be obtained first
Bank verification letter — less than 3 months old	Obtain from FNB	Required for banking verification on CSD
B-BBEE certificate / new EME affidavit	⚠ Expiring 07 Jul 2026	Ensure current and upload new affidavit once commissioned
Company registration number confirmed	2025/542019/07	—
Business email active	Pending setup	Update CSD contact email once active
CIPC registration certificate	Obtain from CIPC	May be required for upload

STEP-BY-STEP CSD OPTIMISATION

Step 1 — Log Into CSD

1. Navigate to: **www.csd.gov.za**
 2. Log in with the registered credentials for Proaxis Solutions (Pty) Ltd.
 3. If credentials are not available: use the “Forgot Password” function or contact the CSD Help Desk.
-

Step 2 — Review and Update Company Information

Navigate to the company information section and verify/update each field:

Field	Required Value	Action
Legal Entity Name	Proaxis Solutions (Pty) Ltd	Must match CIPC exactly — including “(Pty) Ltd”
Trading Name	Proaxis Solutions	If different from legal name
Registration Number	2025/542019/07	Confirm it is correctly entered
Country of Registration	South Africa	—
Province	KwaZulu-Natal	—
Physical Address	1 Shantally Close, Milarina Gardens, Durban, KwaZulu-Natal	Enter fully
Postal Address	Same as physical	—
Year of Establishment	2025	—
Company Size	Micro Enterprise (EME)	Select correct category
Annual Turnover	Less than R10 million	Select correct band

Step 3 — Update Contact Information

Field	Required Value	Notes
Primary Contact Person	Bongumusa Mthembu [VERIFY full legal name against CIPC]	Director
Primary Contact Phone	066 213 6607	—
Primary Contact Email	info@proaxisolutions.co.za	Update once business email is active — currently use willsonjohnny430@gmail.com temporarily

Website www.proaxisolutions.co.za Add if not already present

Important: Using a personal Gmail address as the CSD contact email undermines professionalism in procurement evaluations. Update to the company domain email as soon as it is active.

Step 4 — Update Tax Information

Field	Required Value	Action
Tax Reference Number	9007193338	Confirm
VAT Number	Not applicable (not VAT registered)	Leave blank or select “Not Registered”
Tax Compliance Status (TCS) PIN	[TO BE OBTAINED]	Link once TCS PIN is obtained

Step 5 — Link TCS PIN

Once the TCS PIN has been obtained from SARS eFiling:

1. Navigate to the Tax Compliance section on CSD.
2. Enter the TCS PIN.
3. Enter the TCS PIN expiry date.
4. Save.
5. Verify that the TCS status shows as “Compliant” or “Active”.

This step cannot be completed until the TCS PIN Action Plan has been executed.

No tender can be submitted until this is done.

Step 6 — Update Banking Details

1. Navigate to the Banking Details section on CSD.
2. Enter:
 - Bank: First National Bank (FNB)
 - Account Type: Business Zero / Business Current
 - Account Holder: Proaxis Solutions (Pty) Ltd
 - Account Number: [OBTAIN FROM FNB — do not guess]
 - Branch Code: [CONFIRM FROM FNB OR BANK STATEMENT]
3. Upload a **bank verification letter** (dated within 3 months).
4. The bank will need to verify the account — follow CSD prompts.

Obtain the bank verification letter from FNB directly (via online banking, a branch visit, or by calling FNB Business banking).

Step 7 — Upload B-BBEE Documentation

1. Navigate to the B-BBEE section on CSD.
 2. Upload the current B-BBEE certificate or EME sworn affidavit.
 3. Enter the expiry date: **07 July 2026** (current certificate).
 4. **Action required:** Commission a new EME sworn affidavit before 30 June 2026 and upload the new affidavit once commissioned. Update the expiry date on CSD immediately.
-

Step 8 — Update Company Description

The CSD company description must accurately represent Proaxis Solutions' capabilities. Use the approved text below:

Approved CSD Company Description:

"Proaxis Solutions (Pty) Ltd is a South African technology company specialising in artificial intelligence automation, custom software engineering, and digital transformation. We design, build, and deploy AI-powered software solutions that enable government and enterprise clients to automate processes, reduce operational costs, and improve service delivery.

Our capabilities include: custom software development (web, mobile, API integration), AI and machine learning automation, business process automation, data analytics and reporting, website development, and technology advisory services.

Proaxis Solutions is a B-BBEE Level 1 Contributor and Exempted Micro Enterprise (EME), offering clients maximum B-BBEE procurement value at competitive pricing. We are registered with CIPC (2025/542019/07), SARS, and the Central Supplier Database (CSD), and are compliant with POPIA and PAIA requirements.

We are committed to delivering technically excellent, commercially pragmatic, and ethically governed technology solutions."

Step 9 — Add UNSPSC Commodity Codes

Navigate to the Commodity Codes section and add the following codes [VERIFY: current UNSPSC codes available on CSD]:

UNSPSC Code

81111500
81111600
81111700
81112000
81112100

43232600

Ensure that all selected codes genuinely reflect services Proaxis Solutions currently delivers. Do not select codes for services not yet offered (e.g., cybersecurity, cloud managed services).

Step 10 — Verify Director / Beneficial Owner Details

1. Navigate to the Director / Beneficial Owner section.
 2. Confirm that the director's details are correctly recorded:
 - **Full Name:** Bongumusa Mthembu [VERIFY: full legal name against CIPC records]
 - **SA ID Number:** Confirm against CIPC records (do not enter from memory — verify against official documents)
 - **Role:** Director
 3. Ensure director details match CIPC records exactly.
-

Step 11 — Upload Supporting Documents

Upload the following documents to the relevant sections:

Document	Section	Notes
CIPC Certificate of Incorporation	Company Registration	—
B-BBEE certificate / EME affidavit	B-BBEE	Ensure not expired
Bank verification letter	Banking	Must be less than 3 months old
PAIA Manual (optional but recommended)	Compliance / Additional Documents	Shows governance maturity

Step 12 — Final Profile Review

Before submitting the optimised profile:

- ☐ All mandatory fields completed
- ☐ Company name matches CIPC exactly
- ☐ TCS PIN linked and showing as active
- ☐ Banking details verified
- ☐ B-BBEE certificate uploaded and not expired
- ☐ UNSPSC commodity codes reflect actual current services
- ☐ Contact email is company domain (update once email is active)
- ☐ Company description reflects technology / AI / software positioning

- ☐ Director details match CIPC records
-

POST-OPTIMISATION MAINTENANCE

Action	Frequency
Verify TCS PIN is still active	Before every tender submission
Check B-BBEE certificate / affidavit expiry	Monthly — action immediately if within 60 days of expiry
Update contact email to company domain	Once business email is active
Update banking details if account changes	Immediately upon change
Review and update company description	Annually or when services change
Review commodity codes	Annually
Check CSD profile status (Active / Inactive)	Before every tender

COMPLETION TRACKER

Step

- 1 — Logged into CSD
- 2 — Company information updated
- 3 — Contact information updated
- 4 — Tax information verified
- 5 — TCS PIN linked
- 6 — Banking details updated
- 7 — B-BBEE document uploaded
- 8 — Company description updated
- 9 — Commodity codes added
- 10 — Director details verified
- 11 — Documents uploaded
- 12 — Final review completed
